Deputy General Manager (RSC-Western Central) / (RSC-Western South) / (RSC-Western North),

1. Name of the company:_____

2. Applicant's full name (Rev/ Mr/Mrs/Miss): _____

(Director of a company/Owner of a business/Head of government institution)

3. Postal address :_____

4. i) Name of the development:_____

ii) Address of the development:_____

5. Number of the development clearance letter obtained at development permit stage:

No. _____ Date: _____

6. Survey plan of the previous clearance obtained: Lot _____ Survey Plan No. _____

7. Assessment No./ Nos. of the development :

i) Before amalgamation:

After amalgamation :

ii) Before sub division :

After sub division :

8. Name of the Contact Person : _____

Telephone - Mobile : _____ Land : _____

E mail _____

9. Contact person for site visit and other details : _____

Telephone -Mobile : _____

10. Date of completion of the project : Month : _____ Year : _____

11. Details of all existing water connections within to the development premises (if any):

No.	Account No.	Name & Address
1.		
2.		
3.		

12. Documents submitted:

12.1	
12.1.1	One set of approved architectural drawings of the proposed development attested by the Chartered Architect in A3 size
12.1.2.	Certified photo copy of the approved survey plan (Lot.....of Survey Plan No.)
12.1.3	Incase land is amalgamated, Letter from Assessor’s Department of CMC/Related Local Authority certifying consolidation of assessment number
12.1.4	Certified photo copy of the ownership, registered deed and lease agreement (if relevant)
12.1.5	NIC copy of premises owner and business registration (if relevant)
12.1.6	Permanent entrance location to the premises (at the time of commissioning of development) marked in the same architectural drawing or site layout plan
12.1.7	Site location marked in Google map, if possible (print out in A4 or route map sketch)
12.1.8	Letter of authorization from the premises owner / Head of the company
12.2	
12.2.1	Detailed calculation for Water demand per day for proposed project attested by Chartered Architect/Chartered Engineer
12.2.2.a	Water demand per day for the cooling tower (for A/C if any)
12.2.2.b	Water demand per day for the swimming pool
12.2.3	Volume of swimming pool with dimensions
12.2.4	Ground storage capacity excluding for fire requirement
12.2.5	Location of ground storages marked in the architectural drawing or site layout plan with dimensions
12.3	
12.3.1	Copy of the development permit letter form UDA or relevant local authority
12.3.2	Copy of the water bill/(s) if connection/(s) is/are available
12.3.3	Copy of the previous clearance letter obtained

13. Total quantity of water requested for development m³ / day.

14. Type of the Development:

- | | | | |
|---|--------------------------|-------------------|--------------------------|
| Apartment complex
(registered under condominium) | <input type="checkbox"/> | Hotel/Guest House | <input type="checkbox"/> |
| Hospital | <input type="checkbox"/> | Office complex | <input type="checkbox"/> |
| Mix development | <input type="checkbox"/> | ----- | |
| Any other | <input type="checkbox"/> | ----- | |

15. Brief description of project (maximum 30 words)

16. I hereby certify that I have read and understood all the instructions and also certify that the details given are true and correct.

 Signature of the applicant
 (With the Company stamp)

Date: -----

INSTRUCTIONS TO FILL THE WATER CLEARANCE APPLICATION FORM AT CERTIFICATE OF CONFORMITY STAGE

3. Use only blue or black ballpoint pen for filling the application form or type written.
4. Place the mark "N/A" on the space provided where information is not available or not applicable.
5. All documents should be arranged in the order mentioned in the application form.
6. All scanned copies of the document must be in PDF format in Adobe PDF Reader-Version II or below.
7. During the process of issuing clearance, relevant Area Engineer of NWS&DB will contact and request to perform any essential procedural works.

Filling the application form

1. Should be written in English block letters.
[Ex: ABC (PVT) LTD]
2. Mention the full name of applicant in block letters.
[Ex: MRS. KANTHI DE SILVA]
3. Postal address should be written in block letters.
[Ex: NO. 15 A, GALLE ROAD, COLOMBO 03]

All written documents/letters will be addressed to the postal address.

4. Name & Address of the development should be clearly mentioned in the space provided.
The letter of clearance will be issued for the project name mentioned and will not be changed under any circumstances.
5. Provide the number of the development clearance letter and the date (if available).
6. Provide the survey plan number and lot number of the development clearance letter obtained.
7. In case of amalgamation / sub division of a land, Assessment Numbers should be clearly mentioned in the cages provided.
8. The contact person should be the owner of the premises/ Project Architect/ Project Engineer who is well aware of the project.
9. Contact person for site visit must be well aware of the site details and he/she should be the owner of the premises or land/ responsible person of the project (premises, site information, existing water connections, land amalgamation/ sub division etc.).
10. Date of completion of project should be clearly mentioned in the space provided.
11. Provide details of all existing water connections within the development premises in the table given.
12. Please insert a "√" in the check list for documents submitted.

12.1

- 12.1.1 Provide one set of approved architectural drawings attested by the Chartered Architect of project with the original stamp.

INSTRUCTIONS TO FILL THE WATER CLEARANCE APPLICATION FORM AT CERTIFICATE OF CONFORMITY STAGE

- 12.1.2. Provide certified copy of the approved Survey Plan of the premises (approved by either UDA or relevant local authority).
- 12.1.3 In case of amalgamation of a land, the consolidated assessment number must be clearly mentioned and the documents for proof to be submitted.
- 12.1.4 Provide Ownership certificate from the relevant local authority, registered deed and lease agreement (if relevant).
- 12.1.5 Clear photocopy of the NIC of **premises owner** and if the owner of the project is a company, provide business registration.
- 12.1.6 Entrance location to the premises should be clearly marked in the same architectural drawing or site layout plan.
- 12.1.7 Mark site location clearly in google map for guidance for site visit.
- 12.1.8 Provide when the applications are handled by a person other than the qualified person mentioned under "General".

12.2

12.2.1 Provide complete breakdown of details of water usage. Incomplete demand calculations will not be accepted.

If any other water resources are used in the development, it should be clearly mention in the water demand calculation.

Mix development projects require separate details for each purpose. In case the calculation comprises multiple pages each page should be initialed by the Chartered architect/Chartered engineer.

- 12.2.2.a Mention the quantity of water required to operate cooling towers for air conditioning if available.
- 12.2.2.b Mention the quantity of water required to maintain swimming pool if available.
- 12.2.3 Provide capacity of swimming pool in cubic meters with dimensions marked.
- 12.2.4 Provide capacity of ground storage in cubic meters. This should not include the water required for firefighting.

In case of water supplied by NWS&DB is re-treated within the development, primary & secondary storage details should be clearly depicted in the drawing.

Mix development projects require separate details for each purpose.

Ex: Ground Storage Capacity for apartment (Residential purposes) = $\times\times\times$ m³

Ground Storage Capacity for shops (Commercial purposes) = $\times\times\times$ m³

- 12.2.5 Location of portable water ground storage/ sump should be marked in architectural drawing or site layout plan with dimensions.

Mix development projects require separate details for each purpose.

12.3

- 12.3.1 Provide the development permit letter obtained from UDA or relevant local authority for the development project.
- 12.3.2 Clear photocopy of all the water bill/(s) if water connection/(s) is/are already available.
- 12.3.3 Provide a photocopy of the previous clearance letter obtained for the same development.

- 13 Write the quantity of water requested from NWS&DB for development in Cubic meters per day.

INSTRUCTIONS TO FILL THE WATER CLEARANCE APPLICATION FORM AT CERTIFICATE OF CONFORMITY STAGE

14 Please insert a “√” where applicable.

Please specify the components and providing separate details given in 12.2 for each purpose are mandatory for mix developments.

Ex: Provide separate details requested for apartment and commercial activities

Please specify the components of the development for any other type.
