### **Revision of NWSDB Rates 2018**

The rates in NWSDB 2018 Rate Book were based on exchange rate of 1 US\$ = Rs. 159.00 as at 23-07-2018. However, during the last six months the foreign exchange rate for US\$ has been drastically increased and it is 1 US\$ = Rs. 181.00 as at 01-02-2019. This is a 13.8% increase and due to this reason there has been a considerable price increases of imported DI, HDPE pipes as well as imported raw materials for uPVC pipes.

Therefore, the rates used for TCE's and Engineer's Estimates in NWSDB Rate Book 2018 needs to be revised in order for those estimates to be more realistic.

Accordingly, the NWSDB rates of 2018 Rate Book shall be revised as given in the following table until the issue of 2019 Rate Book.
