DOCUMENT ISSUANCE CERTIFICATE
(To be filled at the time of issue by the authorized officer to issue)

1. Standard Specimen Document Number :
2. Pre-Qualification Document Number : PQ/DI Valves/Ver I
3. a) Issued to : ValveIT Srl a socio unico
(Global) Drive Industrial Solutions (AVT) Ltd
- b) Address : Via Caduti Reggio Emilia, 27
40033 Casalecchio di Reno (Bologna) Italy
- c) Telephone Number :
- d) Facsimile Number :
4. a) Tender Fee : Rs. 25,000/- + vat Received in Cash/Bank Draft
- b) Receipt/Bank Draft Number 000RCC0022/4195
5. Number of Copies issued :
6. Number of cancelled copies issued :
7. Cancelled copy fee Rs..... Received/Not received (In cash/Bank Draft)
8. Accredited Agent's Business Registration No:
9. a) Issuing Officer :
- b) Designation : AGM (Tenders & Contracts)
National Water Supply & Drainage Board
Ratmalana.
- c) Signature : Tec Branch
10. Place of Issue :
11. Seal :
12. Date : 2022/11/30 Time : 9:30 a.m.

**MINISTRY OF WATER SUPPLY
NATIONAL WATER SUPPLY AND DRAINAGE BOARD**

**PRE-QUALIFICATION OF MANUFACTURERS FOR
SUPPLY OF DI VALVES**

PRE-QUALIFICATION DOCUMENT NO. PQ/DI VALVES/NWSDB/2011/01

LETTER OF INVITATION

1. The National Water Supply and Drainage Board, Galle Road, Ratmalana, Sri Lanka intends to Pre-qualify manufacturers for the Supply of DI Valves in order to maintain a list of pre-qualified manufacturers. The intention of the NWSDB is to obtain DI Valves from manufacturer's whose products conform to relevant standards.

Pre-qualification will be opened to manufacturers who can demonstrate their experience, technical capability and financial capacity to the prescribed qualifications.

Once the pre-qualified list is finalized, the National Water Supply and Drainage Board will invite bids for the procurement of DI Valves as appropriate from this pre-qualified list of manufacturers for proceeding 2 years.

2. Pre-qualification of manufacturers shall be carried out for the following categories.

Category (A) : Valves of 300mm dia & above
Category (B) : Valves below 300 mm dia

Category (A)

- a). Sluice valve
 - i) Manual operated valve
 - ii) Motorized valve
 - iii) Pneumatic valve
- b). Butterfly valve
 - i) Manual operated valve
 - ii) Motorized valve
 - iii) Pneumatic valve
- c). Non return valves
- d). Pressure reducing valve
- e). Pressure release valve

Category (B)

- a). Sluice valve
- b). Butterfly valve
- c). (i). Single orifice air valve
(ii) Single large orifice air valve
(iii) Double orifice air valve
- d) Non return valve
- e) Pressure reducing valve
- f) Pressure release valve

3. Manufacturer/s shall have the following requirements and shall submit the documentary proof as indicated herein;

- 3.1 Valid ISO 9001: 2015, Quality Management System Certificate from an accredited agency which is a member of an International Accreditation Forum (IAF). The certificate should indicate its applicability for each type of valve. The factory locations shall be indicated in the certificate. The certificate shall be for the particular factory of products they manufacture on above categories.
- 3.2 All valves manufacturing factories shall be pre-qualified separately.
- 3.3 Production Capability to manufacture DI valves to the standards referred to below standards shall be established.
- 3.4 Product conformity certificates issued by an accredited agency which is a member of an International Accreditation Forum (IAF) shall be provided.
BSEN 1171:2015 for Gate valves, BS 5163-2:2004 for isolating valves and associated water control Apparatus. BSEN 593:2017 for Butterfly valves.
- 3.5 Manufacturers shall submit two sets of detailed original catalogues/Technical literature of their valves together with a soft copy.
- 3.6 The applicable standards for DI valves are,

BSEN 1074:1 – 2000 -	Valves for water supply. Fitness for purpose requirements and appropriate verification tests.
BSEN 1074:2 – 2000 -	Valves for water supply. Fitness for purpose requirements and appropriate verification tests.
EN 1074-5:2001 -	Valves for water supply - Fitness for purpose requirements and appropriate verification tests - Part 5: Control valves
BS 5163:1 – 2004 -	Valves for waterworks purposes. Predominantly Key-operated cast iron valves.
BS EN 1563:2018 -	Founding. Spheroidal graphite cast irons
BSEN 1171:2015 -	Industrial valves. Cast iron Gate valves

BS 5163-2:2004	-	Valves for waterworks purposes. Stem caps for use on isolating valves and associated water control Apparatus.
BSEN 593:2017	-	Industrial valves. Metallic butterfly valves.
EN 1074-3:2000	-	Valves for water supply - Fitness for purpose requirements and appropriate verification tests - Part 3: Check valves
BS EN 10095:1999	-	Heat resisting steels and nickel alloys
BSEN 10250-4:2000	-	Open steel die forgings for general engineering Purposes. Stainless steel
PD 970:2005	-	Wrought steels for mechanical and allied engineering purposes. Requirements for carbon, carbon manganese and alloy hot worked or cold finished steels
BSEN 10087:1999	-	Free cutting steels. Technical delivery conditions For semi-finished products, hot rolled bars and rods
BSEN 10083-1:2006	-	Steels for quenching and tempering. General technical delivery conditions
BSEN 10084:2008	-	Case hardening steels. Technical delivery conditions
BSEN 16767:2016	-	Industrial valves. Steel and cast iron check valves
BSEN 1074-4:2000	-	Valves for water supply. Fitness for purpose requirements and appropriate verification tests. Air valve
BSEN 681-1 : 1996	-	Elastomeric seals – material requirement for pipe joint seals used in water and drainage application. (Vulcanized rubber)
ISO 4633:2015		Rubber seals -Joint rings for water supply, drainage and sewerage pipelines -Specification for materials
BS 14399: Part 1:2005 -		Specification for high strength structural bolting assemblies for pre-loading. General requirements.
BS 14399:Part 2:2005 -		Specification for high strength structural bolting assemblies for pre-loading. Suitability test for pre-loading.
BSEN 12516-4:2014		Industrial valves. Shell design strength. Calculation method for valve shells manufactured in metallic materials other than steel

3.6 Experience in the Manufacture of DI valves conforming to above standards over a period of 5 years.

3.7 The manufacturing facilities shall have the following minimum production capacities.

Category	Valve type	Diameter range	Manufacturing capacity (nos per year)
A 300mm dia & above	Sluice valve –manual operated	300 mm & above	4000
	Sluice valve –Mortorized	300 mm & above	1000
	Sluice valve –Pneumatic	300 mm & above	500
	Butterfly valve –manual operated	300 mm & above	600
	Butterfly valve –Mortorized	300 mm & above	300
	Butterfly valve –Pneumatic	300 mm & above	100
	Non return valve	300 mm & above	100
	Pressure reducing valve	300 mm & above	100
B below 300 mm dia	Pressure release valve	300 mm & above	100
	Sluice valve	below 300 mm	1000
	Butterfly valve	below 300 mm	5000
	Single orifice air valve	below 300 mm	3000
	Single large orifice air valve	below 300 mm	1000
	Double orifice air valve	below 300 mm	3000
	Non return valve	below 300 mm	100
	Pressure reducing valve	below 300 mm	100
Pressure release valve	below 300 mm	100	

3.8 Minimum quantities of overseas supplies over the last 5 years shall be as follows;

Category	Valve type	Diameter range	Overseas supply capacity (nos per year)
A 300mm dia & above	Sluice valve –manual operated	300 mm & above	4000
	Sluice valve –Mortorized	300 mm & above	1000
	Sluice valve –Pneumatic	300 mm & above	1250
	Butterfly valve –manual operated	300 mm & above	750
	Butterfly valve –Mortorized	300 mm & above	250
	Butterfly valve –Pneumatic	300 mm & above	250
	Non return valve	300 mm & above	500
	Pressure reducing valve	300 mm & above	500
B Below 300 mm dia	Pressure release valve	300 mm & above	500
	Sluice valve	below 300 mm	12500
	Butterfly valve	below 300 mm	6250
	Single orifice air valve	below 300 mm	3750
	Single large orifice air valve	below 300 mm	3000

	Double orifice air valve	below 300 mm	3750
	Non return valve	below 300 mm	500
	Pressure reducing valve	below 300 mm	500
	Pressure release valve	below 300 mm	500

4. Financial Capability

Financial details of the Manufacturer/s along with relevant letters/submissions as referred to in para 4.1.3 of the Instruction to Applicants have to be submitted along with the application.

5. Collection and Submission of Document

5.1 Interested manufacturers may obtain further information and inspect the pre-qualification document free of charge at the office of the Assistant General Manager (Tenders & Contracts) at the following address.

Office Address : Tenders and Contracts Branch
 National Water Supply and Drainage Board
 Galle Road, Ratmalana
 Sri Lanka.

Telephone No. 94- 011 -2635885
 Fax Number 94 - 011 – 2635885

5.2 Applicants may purchase the complete set of pre-qualification document until 15.00 hours on on submission of a written application on a Business letter head to the above address and upon payment of a non – refundable fee of Sri Lanka Rupees Twenty Five Thousand (LKR 25,000/=) applicable VAT or USD 250.

5.3 Requests submitted by mail shall include a certified bank draft to the amount indicated above in favour of the General Manager, National Water Supply and Drainage Board, Ratmalana, Sri Lanka.

5.4 Pre-application meeting will be held at the Conference room of National Water Supply and Drainage Board, Ratmalana on at 9.30 hours and all prospective applicants or their authorized representative are invited to attend the meeting.

5.5 Pre-qualification documents in duplicate shall be duly completed and addressed to Chairman Department Procurement Committee and returned in sealed envelopes by registered post or hand delivered to the address given below to reach not later than 9.30 hours on

Assistant General Manager (Tenders & Contracts)
 National Water Supply & Drainage Board,
 Galle Road,
 Ratmalana,
 Sri Lanka.

Documents will be opened immediately thereafter.

6. Sealing and Marking of Applications

- 6.1 The applicant shall seal the original and the copy of each independent application in separate envelopes (hereinafter called as inner envelopes) by duly marking the envelopes as “ORIGINAL” and “COPY”, as appropriate, and then contain them in an outer envelope and seal.
- 6.2 The inner and outer envelopes shall
- (a). Be addressed as given in clause 5.5 above.
 - (b). Bear the name and identification number of the application and
 - (c). Provide a warning “not to open before the specified time and date of the deadline for submission of application”.
- 6.3 In addition to the identification required in sub clause 6.2 hereof, the outer envelope shall indicate the name and address of the applicant to enable the application to be returned unopened in case it is declared late.
- 6.4 If the outer envelope is not sealed and marked as instructed above, the Procurement Committee will assume no responsibility for the misplacement or premature opening of the application submitted.
7. Applicants will be advised by the Employer in writing by fax or e-mail within 90 days of the date for submission of applications, of the result of their application, and of the names of the pre-qualified applicants.

SECTION 3

INSTRUCTIONS TO APPLICANTS

INSTRUCTIONS TO APPLICANTS

1. INTRODUCTION

1.1 The National Water Supply and Drainage Board, Galle Road, Ratmalana, Sri Lanka intends to Pre-qualify manufacturers for the Supply of DI valves.

The National Water Supply and Drainage Board shall invite bids for the procurement of DI valves from the pre-qualified list of manufacturers for proceeding 2 years.

1.2 Pre-qualification will be opened to manufacturers who can demonstrate their experience, technical capability and financial capacity to the prescribed qualifications.

1.3 Definitions

For the purposes of this pre-qualification the following definitions apply;

(i) Ductile Iron

Cast Iron used for valves in which graphite is present substantially in spheroidal form.

(ii) NWSDB

NWSDB or Board or Purchaser or the Employer means the National Water Supply and Drainage Board, Sri Lanka.

(iii) Others

Other definitions are as specified in the standards referred in this document.

2. SUBMISSION OF APPLICATIONS FOR PRE-QUALIFICATION

2.1 Conditions of Pre-qualification :

Applicants shall submit a Letter of Application in the same name as given in Form I, on their letter head and it shall comply with the relevant requirements as listed below:

2.1.1. Sole Proprietary Firms :

Applications made by such firms shall be signed by the proprietor above his full typewritten name and the full name of his firm with its current address, and a certified copy of the business registration certified by the Ambassador or High Commissioner or other diplomatic representative of Sri Lanka in the manufacturer's country should be forwarded.

2.1.2 Partnerships

Applications made by firms in partnership shall be signed by all the partners of the firm above their full typewritten names and current addresses or alternatively, by a partner(s) holding a power of attorney on behalf of the firm, duly executed before and authenticated by a notary public, a person duly authorized by law in that behalf, or any court Judge, Magistrate, and shall be certified by an Ambassador or High Commissioner or other diplomatic representative of Sri Lanka or shall be signed by a person (s) empowered to do so, by a legally valid and binding resolution, passed by the partners of the firm, in which case the Power of Attorney or the resolution certified by the any court Judge, Magistrate, certified by an Ambassador or High Commissioner or other diplomatic representative of Sri Lanka in the manufacturer's country should be submitted with the application. A certified copy of the partnership deed and current address of all partners of the firm and copy of business registration certified by an Ambassador or High Commissioner or other diplomatic representative of Sri Lanka in the manufacturer's country should also be submitted with the application.

2.1.3 Incorporated Companies or Corporations :

Applications made by Incorporated Companies or Corporations shall be signed by a person (s) holding a power of attorney on behalf of the company, duly executed before and authenticated by, a notary public, a person duly authorized by law in that behalf, or any court, Judge, Magistrate, and shall be certified by an Ambassador or High Commissioner or other diplomatic representative of Sri Lanka, or shall be signed by a person(s) empowered to do so, by a legally valid and binding resolution, passed by its Board of Directors, the Power of Attorney or the resolution should be submitted with the application. A company shall also submit a certified copy of its certificate of Incorporation and Memorandum of Articles of Association certified by an Ambassador or High Commissioner or other diplomatic representative of Sri Lanka in the manufacturer's country. Statutory Corporations shall also submit particulars of the relevant legislative provision under which it is duly authorized to participate.

2.1.4 Manufacturer shall submit their updated Accredited Agency Agreement and Business Registration/Certificate of incorporation.

2.1.5 Applicants may submit documentation for different items as relevant. However, Valves shall be from the same manufacturer or from several manufactures with required conditions as defined in Letter of invitation section 3(ii). Those companies shall have ISO 9001:2015 Quality Management System Certificates.

2.1.6 The NWSDB may appoint a team of inspectors, if required to inspect and verify the manufacturers' capability to manufacture valves to prescribed

standards, the possession of ISO 9001:2015 Quality Management System Certification and product conformity certificates as listed in clause 3 (iii) of the letter of Invitation, production capacities of the facility etc. Applicants shall arrange for such inspection for 2 NWSDB Engineers and provide all facilities to obtain and verify the details requested in this document. Manufacturer shall bear all cost of this inspection including air fare, food & lodging, transport, per diem to Incidental allowance and subsistence, not less than 100 Euro (One Hundred Euro) per day prior to Departure to suit for Senior Managerial officers level.

2.2 Pre-qualification Information

- 2.2.1** All information requested for pre-qualification shall be provided in the English language. Information in any other language shall be accompanied by its duly certified translation in English. This translation will govern and be used for interpreting the information.
- 2.2.2** Applicants should fill in the details asked for in accordance with pre-qualification document Forms I to X together with relevant certificates and catalogues to support the application. The Applicants may also submit any additional information which, in their opinion is relevant, to support their application for pre-qualification. All the blanks in the pre-qualification document forms shall be duly filled in and the forms signed.
- 2.2.3** The completed forms and any attachments related to each form shall be bound in a file with section dividers between each form. The files prepared in duplicate shall be submitted with the invitation of pre-qualification together with all other information furnished by the Applicant. The forms, attachments and other information must be presented to fully demonstrate the Applicant's qualifications.
- 2.2.4** The applications shall not contain alterations or overwriting except, to correct errors made by the Applicant, in which case such corrections shall be initialed by the applicant.
- 2.2.5** All Forms shall be duly signed by the Applicant or a person or persons duly authorized to sign on behalf of the Applicant. Such authorization shall be indicated by a power of attorney accompanying the application.
- 2.2.6** Failure to provide information which are essential to evaluate the Applicant's qualification and/or failure to provide timely clarification or substantiation of the information submitted may result in disqualification of the Applicant.
Revised on 14-09-2018
- 2.2.7** All documents submitted by the applicants shall be treated as confidential and will not be returned.
- 2.2.8** Submission of false or forged document if found prior to prequalification shall cause for rejection of pre-qualification application and shall not be considered for pre-qualification for another two years period or if found after pre-

qualification shall cause for cancellation of pre-qualification and shall not be considered for another two years period.

2.2.9 In case of ISO 9001: 2015 Quality Management System Certificate and product conformity certificates as listed in clause 3 (iii) of letter of Invitation, they will be accepted only if they are issued by an accredited agency which is a Member International Federation of Accreditation having their scope for such accreditation.

2.2.10 The Photostat copies of certificates shall be clear and legible and of one sided copies to the original size and shall bear both the signature and the seal of the applicant. The applicant shall certify the copies referred to as follows.

“I/We hereby certify that this is a true copy of the certificate which has (.....) page(s) issued by (Name of the institution which issued the certificate)”

.....
Authorized Signature/date

.....
Seal of the Company

2.3 Results of Application

2.3.1 The NWSDB will inform all Applicants of the result of their applications and of the names of the pre-qualified applicants.

2.3.2 The NWSDB reserves the right to reject or accept any application and to annul the pre-qualification process and reject all applications without thereby incurring any liability to the affected Applicants or any obligation to inform the Applicants of the grounds for the action of the NWSDB.

3. PRE-QUALIFICATION QUESTIONNAIRE

3.1. The pre-qualification questionnaire contains the following for Revised on 14-09-2018

- I - Form of Letter of Application
- II - General Information
- III (a) - Experience Record (Overseas)
- III (b) - Experience Record (Manufacturer’s Country)
- IV (a) - Details of current contracts (Overseas)

- IV (b) - Details of current contracts (Manufacturer's Country)
- V - Technical details of DI Valves
- VI(a) - Quality Management System Certification
- VI(b) - Product Conformity Certificate
- VII - Financial Capacity
- VIII - Details of Local Accredited Agent
- IX - Details of Manufacturing Plant
- X - Manufacturer's Warranty for the goods supplied under the contract

If necessary, additional sheets may be added to the forms. Each such additional sheet should be clearly marked on the top right hand corner, eg. "Attachment 1 to Form II" etc.

- 3.2 The completed Application forms, together with any attachment and such additional relevant information as the Applicant wishes to include to demonstrate his pre-qualification, shall be bound in a file with section dividers between each form and its attachments. Two such files shall be submitted, clearly marked "ORIGINAL" and "DUPLICATE".

4. CRITERIA FOR EVALUATION OF PRE-QUALIFICATION

Pre-qualification will be based on the Applicant obtaining a pass in all the following criteria, evaluated based on the details furnished in Form I to X.

- i. Experience of Manufacturer
- ii. Technical capability of manufacturer
- iii. Financial capacity of manufacturer

4.1 Notes on Evaluation Criteria

4.1.1 Experience

Experience as a manufacturer in manufacture of DI Valves within the last five years. The information on purchasers, quantities supplied, with documentary evidence for satisfactory performance shall be provided. Form II, Form III (a), Form III (b), Form IV (a), Form IV (b), Form VIII shall be used to provide these details. Manufacturer/s shall submit the Annual Report for the current year.

4.1.2 Technical Capability

Prospective applicants should furnish technical information as indicated in clause 3 of Letter of Invitation and Forms V, Form VI, Form IX shall be used to provide these details.

Original literature catalogues, technical reports and test reports containing general description of the material shall be supplied with the application. Without which the application will not be considered.

4.1.3 Financial Capacity

The Manufacturer's financial capacity will be judged on the basis of his net worth, working capital and the value of current contracts for the average of last 3 years. The Applicant shall demonstrate that the manufacturer/s have access to, facility of lines of credit or other financial means to facilitate working capital in excess of USD 60,000. Line of credit shall be issued one month before the closing date of submission of application. Form VII shall be used to provide details.

5. BIDDING REQUIREMENTS

5.1 Invitation to Bid :

Only firms that have been pre-qualified under this procedure will be invited for Bidding . The applicable category shall be indicated in the tender document. There would be provision to adopt different categories for different bills in a bidding document depending on the pipe sizes of the respective bills.

5.2 Updating Pre-qualification Information :

Applicants will be required to submit the Technical, Production, Sales and financial information at the time of submitting their bids, and to confirm their continued compliance with the pre-qualification criteria and of the information provided. A tender shall be rejected if the Applicant's pre-qualification thresholds are no longer maintained at the time of awarding the contracts. Manufacturers are required to furnish all details requested in this application once in 2 years for verification. Pre-qualification shall be cancelled if applicants pre-qualification thresholds are no longer maintained at the time of auditing.

5.3 Warranty

5.3.1 The Manufacturer warrants that all the Goods are new, unused and of the most recent of current models and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.

5.3.2 The manufacturer further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials and workmanship under normal use in the conditions prevailing in the country of final destination.

- 5.3.3 The warranty shall remain valid for Thirty Six (36) months after the Goods or any portion thereof as the case may be, have been delivered to and accepted and commissioned at the final destination indicated in the Contract.
- 5.3.4 The NWSDB shall give notice to the Manufacturer stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The NWSDB shall afford all reasonable opportunity for the Manufacturer to inspect such defects.
- 5.3.5 Upon receipt of such notice, the Manufacturer shall expeditiously repair or replace the defective Goods or parts thereof, at no cost to the NWSDB.
- 5.3.6 If having been notified, the Manufacturer fails to remedy the defect the NWSDB may proceed to take within a reasonable period such remedial action as may be necessary, at the Manufacturer's risk and expense and without prejudice to any other rights which the NWSDB may have against the Manufacturer under the Contract.

I/We agree to abide by the above Conditions.

FORM I

LETTER OF APPLICATION

(Letter head of the applicant (Manufacturer) including full postal address, telephone and fax numbers and E – mail addresses). This form shall be signed by the Manufacturer.

Date : 10/02/2023

To: Chairman
Department Procurement Committee,
NWSDB,
Galle Road,
Ratmalana,
Sri Lanka.

Sir,

I/We VALVE IT SRL being duly authorized (hereinafter “the Applicant”), and having reviewed and fully understood all the information herein provided, I/We hereby apply for pre-qualification by yourselves as a Manufacturer for the supply of DI Valves.

2. Attached to this letter please find copies of original documents defining all information given in Form I to XII herein.
 - (a) the Applicant’s legal states :
 - (b) the principal place of business and
 - (c) the place of incorporation (for applicants who are corporations)
2. Your Institution and its authorized representatives are hereby authorized to conduct any inquires or investigations to verify the statements, documents and information submitted in connection with this application. This Letter of Application will also serve as authorization to any individual or authorized representative of any institution referred to in the supporting information, to provide such information deemed necessary and requested by yourselves to verify statements and information provided in this application, or with regard to resources, experience and competence of the Applicant.
4. Authorized representatives of your Institution may contact the following persons for further information. The undersigned in fully authorized to act on behalf of the Applicant.

FORM V

TECHNICAL DETAILS OF DUCTILE IRON VALVES

1. General

- 1.1. Country of manufacture : *ITALY*
- 1.2. Manufacturer/s and Address : *VIA CADUTI DI REGGIO EMILIA²⁵⁻²⁷
CASALECCHIO DI RENO (BOLOGNA), 40033*
- 1.3. Is the certificate of product conformity to the relevant standards for DI Valves listed in clause 3 of letter of Invitation available from an accredited agency :
(Attach copy of Product Conformity Certificate)
(Scope of production shall be clearly specified)
- 1.4. Reference catalogues, technical literature provided with the Application. All catalogues provided should be in the English Language. Applications not accompanied by English translations of relevant material will be rejected.
- 1.5. Plant, Production capacity and production range, [minimum to maximum dia. (Fill in the Form VIII)].

2. Butterfly Valves

- 2.1 Standards to which valves conform : *BS 5155 (DN 893)*
Attach copy of Product Conformity Certificate
(Scope of production shall be clearly specified)
- 2.2 Type : *FIG - VIT - 16 - BCW
FIG - VIT - 16 - BCL
VIT - 16 - BDV
VIT - 16 - D8513
VIT - 16 - D8514*

FORM V

- 2.3 Material of lining - EPDM / NBR
- 2.4 Nominal Pressure - ^{PN 10} PN 16 / PN 25
- 2.5 Material of Disk - DUCTILE IRON / STAINLESS STEEL
- 2.6 Standard to which external coating conform : FUSION BONDED EPOXY
- 2.7 Type of internal coating and standard FUSION BONDED EPOXY
3. Sluice Valves :
- 3.1 Standards to which valve conform : BS 5150 (EN 1171) / BS 5151 SERIES B
Attach copy of Product Conformity Certificate
(Scope of production shall be clearly specified)
- 3.2 Type : FIG - VIT - 16 - 60N / VIT - 16 - 60R
FIG - VIT - 20 - SCBZ
- 3.3 Nominal Pressure : PN 10 / PN 16 / PN 25
- 3.4 Type of internal coating & standard to which it conform FUSION BONDED EPOXY
(WHEN APPLICABLE)
- 3.5 Type of external coating & standard to which it conform FUSION BONDED EPOXY
(WHEN APPLICABLE)
- 3.6 Materials of bolts nuts & washers & setscrews SEE DATASHEETS
- 3.7 Details of motorize valve
- Whether motor and valve assembled together at the valve manufacturing factory. YES
 - What are tests perform for the complete limit at the factory. FUNCTIONAL TESTS

4. Air Valves (Water Works)

- 4.1 Standard to which valve conform. *MANUFACTURER STANDARD*
 Attach copy of Product Conformity Certificate
 (Scope of production shall be clearly specified)
- 4.2 Type: *FIG-VIT-16AV*
- 4.3 Nominal Pressure: *PN 10 / PN 16 / PN 25 / PN 40*
- 4.4 Working Pressure: *10 BAR / 16 BAR / 25 BAR / 40 BAR*
- 4.5 High velocity air discharge pressure:
- 4.6 Internal Coating & the standard to which it conforms? *FUSION BONDED EPXY*
- 4.7 External Coating & the standard to which it conforms? *FUSION BONDED EPXY*

5. Non Return Valves

- 5.1 Standard to which valve conforms *BS 5454 SEMIBS/B - BS 5453 (EN 12334) /*
 Attach copy of Product Conformity Certificate *API 594*
 (Scope of production shall be clearly specified)
- 5.2 Is vertical installation or horizontal installation *YES*
- 5.3 Nominal pressure *PN 10 / PN 16 / PN 25*
- 5.4 Working pressure *10 BAR / 16 BAR / 25 BAR*
- 5.5 Type of internal coating and standard to which it conform *FUSION BONDED EPXY (WITH AN APPLICATION)*
- 5.6 Type of external coating and standard to which it conform *FUSION BONDED EPXY*
- 5.7 Is non sluice
- 5.8 Is spring loaded *YES (DUAL PLATE CHECK MODEL)*

6. Rubber ring

- 6.1 Standard to which Rubber rings conform —
 Attach copy of Product Conformity Certificate —
 (Scope of production shall be clearly specified) —
- 6.2 Tensile strength —
- 6.3 Elongation at break —
- 6.4 Compression set —
- 6.5 Hardness —

7. Nuts & Bolts

- 7.1 Standard to which Nuts & Bolts conform —
 Attach copy of Product Conformity Certificate —
 (Scope of production shall be clearly specified) —
- 7.2 Tensile strength —
- 7.3 Yield stress or stress at permanent set limit of 0.2% —
- 7.4 Percentage Elongation after fracture —
- 7.5 stress under proof load —
- 7.6 Strength under wedge loading —
- 7.7 Hardness —
- 7.8 Standard to which galvanizing conforms —
- 7.9 Thickness of the galvanized coating —
